

Mediterranean Home with Safareig at Cala Estellencs

Description

In the magical setting of the UNESCO World Heritage Site in Mallorca, rises this three-story property, captivating with its authentic charm and its privileged location right by Cala Estellencs.

Its setting is truly unique: rarely does the opportunity arise to acquire a home in such an exclusive corner of the Serra de Tramuntana.

The property features a basement currently used as storage and two floors dedicated to living space. It is connected to the municipal water and electricity supply, offers outdoor parking for several vehicles, and includes a traditional safareig pool that can be transformed into a swimming pool.

Built in 1975, the house preserves its original character and requires updating to todayâ??s standards. Nevertheless, all documentation is in order, making it a true Mediterranean gem with the potential to become a unique home where one can enjoy the peace and beauty of this protected environment.

Estellencs is one of the most picturesque villages in the Serra de Tramuntana, with cobbled streets, terraced vineyards, and direct access to the Mediterranean through its small cove.
It is located about 45 minutes by car from Palma and roughly one hour from the airport.
